2. Directly applying their learning

ELC uses a work-integrated learning strategy to ensure students have both knowledge and understanding of Christian leadership and ministry and have also developed real-world skills necessary to lead and support the local church.

Interns think about and directly apply their learning in their practical ministry context through online forum discussions and assessments that relate directly to their ministry activity.

3. ELC values

We are Elim

Elim Leadership College (ELC) was established in 1997 as Ministry Training College by Elim Christian Centre. We remain a vital part of the ministry and calling of Elim Christian Centre Auckland to build centres of hope that reach, serve and influence the world for Christ. As part of Elim, we share its culture and DNA.

We are partnering

We believe the best way to equip leaders is in the environment of a healthy local church. We actively seek partnerships with the local church in which our students serve. Therefore, our internship programmes will only enrol students who have been selected for ministry by their local church leadership

We are growing people

We seek to grow leaders of Christ-like character who have developed practical leadership and ministry skills. We are committed to walking with each student on their personal journey of leadership growth.

We are equipping for practical ministry

In all our programmes classroom learning goes hand-in-hand with real-world application. Each programme is set up to provide opportunities for students to step out beyond their comfort zones and put into practice what they are learning in meaningful and tangible ways.

INTERNSHIP Level 6

The Diploma in Christian Studies (Christian Leadership) (Level 6) is a 1-year, full-time programme. It is designed for those in ministry and/or church leadership positions, or are ready for a senior management or leadership position, both within the Elim movement and in other churches throughout New Zealand.

The aim of this programme is to produce Christian leaders who have both the theoretical understanding and operational skills required to undertake a senior position within a church or church agency.

Transferable skills form a core part of this programme. These include project management, leadership, emotional intelligence, communication, critical analysis, reflection, and evaluation. - Participate in online forum discussions.
- Complete assessments that apply their learning in practical ways.

- Have the opportunity to grow in knowledge, skills and attitudes required of those in a senior Christian ministry situation.

Interns will learn how to:

- Apply an in-depth understanding of the theology and biblical foundations.
- Strengthen their own relationship with God.
- Lead and manage all aspects of a major project, applying their learning directly to their ministry area.
- Evaluate and respond to the needs and responsibilities required in their own setting.
